Summary

Aspiring Information Technology student with knowledge of programming, databases, web technologies, and cloud fundamentals. Earned recognition through Google Arcade Cohort 1 and participation in competitive hackathons. Seeking opportunities to apply technical skills, collaborate with teams, and create scalable software solutions.

Education

B.Tech Information Technology

Sri Manakula Vinayagar Engineering College (SMVEC)

Expected Graduation: 2028

CGPA: 8.56/10

Technical Skills

- Programming Languages: Java, Python, C, JavaScript
- Web Development: HTML, CSS
- Database: SQL
- Cloud Technologies: AWS Cloud Fundamentals, Google Cloud (Basics)
- Tools: VS Code, GitHub
- Core Subjects: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems
- Soft Skills: Problem Solving, Teamwork, Communication Skills, Quick Learning, Time Management, Adaptability, Leadership

Projects

Lostify- Lost & Found Portal

- Developed a full-stack web application to report, track, and manage lost and found items within a campus/organization using Spring Boot, MySQL, HTML, CSS, and JavaScript.
- Implemented secure authentication, item listing, and claim management features with a responsive and user-friendly UI.

Smart Helmet Safety System

- Designed an IoT-based rider safety system concept.
- Focused on accident prevention and rider protection.
- Explored sensor integration and safety monitoring techniques.

Portfolio Website

- Developed a responsive personal portfolio website.
- Showcased projects, skills, certifications, and contact information.
- Built using HTML, CSS, and JavaScript.

Achievements

- Finalist, Auristra'26 48-Hour Hackathon conducted by Takshashila University.
- Achieved Novice Level in Google Arcade Cohort 1 (2025) by completing cloud and technology learning challenges.

Certifications

- Programming in Java
- Operating Systems Fundamentals
- AWS Cloud Fundamentals

Languages

- Tamil
- English
